RE: Thank you, Thank you, Thank You

To the citizens of Crossville and Cumberland County:

It has been an honor to serve the citizens of the great City of Crossville for the past 30 years and as the Chief of Police for the past 20 years. I have had the opportunity to serve under some great City Managers and work for a great group of City Councilmen and two outstanding Mayors, Mayor Earl Dean and Mayor J.H. Graham III. In my professional career as a police officer there were two major influences in which helped me in this area, one being my dad and the other being Chief Robert F. Foutch. I will always be grateful to City Manager Dan Collins for giving me the opportunity to become Chief of Police and for his support and wisdom. I have worked for and with some great managers such as Hugh Walker, Dr. Jack Miller, Curtis Adams and Bruce Wyatt. The main reason that I have been so successful in this position is the fact that I have had the opportunity to supervise the best group of men and women on earth and that is none other than the professionals of the Crossville Police Department. I have truly been blessed to of had the opportunity to serve with an outstanding group. In closing, I want to thank the great residents of the City of Crossville for your support and prayers for myself, my family and especially the men and women of this great department.

Thank you,

David E. Beaty
Chief of Police
